

# MINI STAYS FOR SCHOOLS

JUNIOR STUDENTS AGED 10 - 17 YEARS
BOURNEMOUTH, UK

# **Our Schools**

Kingfisher Education utilises two leading language schools in Bournemouth to deliver it's General English lessons, while we manage all other elements of the programme. Schools are British Council accredited and offer the highest standards of teaching. By operating programmes across multiple schools, we are able to maintain a balanced mix of nationalities at all times throughout the year. This is particularly beneficial for mini-stay groups, who travel outside the summer months and may otherwise find themselves isolated within a closed group environment without the opportunity to mix with other junior students. We exclusively partner with schools that are familiar to us and pride ourselves on offering the best value for money programmes.

#### What you can expect from our Schools:

- Outstanding facilities for all young learners
- Classrooms with interactive whiteboards
- Qualified EFL teachers
- Open plan school reception area
- Multimedia learning centre
- Computer room with printers and other IT equipment
- Free wireless internet throughout the campus
- Secluded external space for students to relax
- Prayer room
- Key code entry system for all students and staff
- School library with books and a stationary shop
- Caféteria with a food hygiene rating of 5 out of 5

Our families offer a welcoming, supportive home environment where students feel safe, relaxed and included from the moment they arrive. Mealtimes, conversations and daily routines give students the chance to practise English naturally, build confidence and become part of everyday family life.

Every host family is fully vetted, inspected and experienced in hosting young international students. Bedrooms are comfortable and shared only with other students of a similar age, and all homes are located within easy reach of the school.
